

## ENERGY INFORMATION SERVICES

The energy industry is a constantly changing, fast-paced market that must be continually monitored. Staff dedication is required to keep on top of it. Energy Management Resources personnel are experts in the complex energy industry. Acting as your energy expert, EMR can make the energy management function work for you, rather than against you.

Through our **Energy Information Services**, EMR can develop a customized reporting system for each of your facilities. With this reporting system, we can summarize your monthly costs and uncover potential savings. EMR Energy Information Services include:

- Management reporting;
- Utility-bill auditing;
- Integrated billing;
- Energy-usage and cost reports;
- Savings reports;
- Regulatory updates;
- Energy pricing, industry news and trends;

Energy Information Services is designed to help you better understand and gain control of your energy expenses. Let us show you how we can help expand your operational effectiveness. For more information, call us at **1-816-883-1000**.
